

**NEW**

# In the RED zone

## **streamstar® X2**

Advanced 2-channel live production and streaming studio, offering quality, efficiency and pro-features at a price everyone can afford

# streamstar® X2

## Professional level production at a price everyone can afford

If a 2 channel streaming system is what you need - but you don't want to compromise on quality, efficiency, reliability and professional features, the **Streamstar® X2** is the best choice! Whether you are streaming a high-school sport event, church service, conference or a music club event **Streamstar® X2** reliably delivers professional quality results. It offers the same pro-features just like the higher end models, including Streamstar's renowned replays and slomo, remote camera and PTZ control, advanced graphics capabilities, internal character generator, media playlists, recording and streaming features and of course the brilliant, intuitive, touch screen user interface.

### Now even a small venue can afford broadcast quality streaming production.

## Features

- Intuitive and easy-to-use touch screen user interface
